

# Letter of Recommendation

**Letter to:**

Hiring Manager/ Recruiters

**To Whom It May Concern:**

I am honored to recommend Precious Elisha, also known as Focused Pilot, as an outstanding community moderator. I had the pleasure of working closely with Precious for six months at Surf Protocol, where we built the first derivative on-chain exchange on Bitcoin L2. Throughout this period, Precious consistently demonstrated exceptional dedication, skills, leadership, and a deep commitment to our community.

From November 2023 to April 2024, Precious played a pivotal role in fostering and managing our community at Surf Protocol. Now Surf has achieved over 450 million USD in trading volume, 33 million USD in total locked value, and more than 12,500 unique traders.

Precious was proactive and highly responsive to community inquiries, assisting many users with technical issues and ensuring the community was well-informed about events and product updates.

In summary, Precious Elisha's contributions to Surf Protocol have been invaluable, significantly strengthening our community presence and engagement. I am confident he will be a valuable asset to your organization. Please feel free to [contact me](#) if you have any questions or need additional information.

Best regards,
